## LAFOLLETTE AND WHEELER CHARIOT GREASED IN OHIO

Leaders of Progressives to  
Meet in Ohio to Oil Po-  
litical Machine.

### WHEELER ACCEPTS TASK

Labor Unions to Meet With  
Nominees to Perfect  
Organization.

(By the Associated Press)  
CINCINNATI, July 19.—Welding together of the presidential campaign organization in Ohio of Senator Robert M. LaFollette and his running mate, Senator Burton K. Wheeler of Montana, probably will be effected tomorrow in Cincinnati and Cleveland where backers of LaFollette will hold a meeting to select a LaFollette state committee.

It is planned by the LaFollette backers to organize a LaFollette committee in each Ohio congressional district to push the independent candidacy of the Wisconsin senator and his Democratic running mate. The Cleveland meeting will be in charge of the leading LaFollette boosters.

The meeting here tomorrow will be attended by members of labor unions, railroad brotherhoods and organizations of women and progressive groups. They will be asked to suggest candidates for presidential electors in the first and second congressional districts of Ohio.

WASHINGTON, July 19.—Senator Burton K. Wheeler of Montana, Democratic prosecutor of the senate Daugherty committee, today announced his acceptance of second place on the independent presidential ticket headed by Senator Robert M. LaFollette.

Although he previously had declared he would not accept such a nomination, Mr. Wheeler yielded and reversed his decision after he had been urged to do so by Senator LaFollette and by several of his advisers.

A special committee from the group of LaFollette followers in conference here waited on the Montana senator yesterday and formally tendered him the endorsement of the conference for the vice-presidency. He promised to reply today and did so soon after reaching his office.

"I will accept the nomination," was his first terse announcement of his decision. Then he turned to the preparation of a formal statement setting forth his position to the country and replying to the formal offer extended him by the LaFollette leaders.

Several days ago Senator Wheeler announced he could not support John W. Davis, the nominee of his party for the presidency, but would work for the Democratic state ticket in Montana and to give his aid towards the re-election of his colleague, Senator Thomas J. Walsh, prosecutor of the senate oil committee, and also chairman of the New York Democratic national convention.

Reverses Decision.  
At the same time he made an unequivocal declaration that he could not accept the vice presidential nomination on the LaFollette ticket if it were offered to him but when they gathered here yesterday to map out campaign plans the LaFollette leaders refused to take no for an answer. Their committee spent a good part of the day with Senator Wheeler adding their arguments to those of LaFollette himself. The conference formally and unanimously named him as the first and only choice for second place on the ticket.

The conference which was assembling to receive Mr. Wheeler's answer at the time he made his informal announcement of acceptance is being held under the auspices of the Conference for Progressive Political Action which endorsed Senator LaFollette for president at its Cleveland convention. The question of selecting a vice presidential nominee was left to the meeting which began here yesterday. Always a fighting campaigner, Senator Wheeler is expected to make a widespread circuit of the country during the coming campaign. His plans are not yet complete but he has agreed to begin hostilities tonight in addressing LaFollette supporters in a nearby town in Virginia.

WASHINGTON, July 18.—A message received today by the state department from American Minister J. S. Corfield at Teheran, Persia, said that Vice-Consul Robert Imbrie died from shock at 3 o'clock yesterday afternoon after having been brutally kicked and beaten by a mob.

The vice consul and a companion by the name of Seymour, it was also learned, stopped their carriage to watch a religious demonstration in the street, the message said, when they were rushed by a mob that mistook them for members of a sect known as the Behaists against which

## WEST COAST FIRES UNDER CONTROL NOW

(By the Associated Press)

SAN FRANCISCO, Cal. July 19.—The forest fire situation in California improved materially today, but the Tahoe National park supervisor being the only one to report that the flames were spreading. Elsewhere the fires were reported under control or surrounded by fire fighters.

The Tahoe blaze burned its way into the El Dorado National park and the track of mature standing timber. Although the fire is still burning, it is not considered a menace.

Col. Albert Von B. Anderson, chief of staff of the 9th Corps Army Area Headquarters personnel, offered at Sacramento the army's services to Governor Richardson to fight the fires in the state forest lands. The governor refused the offer, saying there was no necessity for calling on federal troops.

Smoke from the California fires delayed the airplane mail carriers several hours, by making it necessary for them to fly at an altitude of 15,000 feet instead of the usual 10,000 foot elevation.

## WILLIAMS SCENTS ELEVATOR GRAFTS

Goes to Chicago to Confer on  
Proposition of Farmer-  
Owned Mills.

(By the Associated Press)

OKLAHOMA CITY, July 19.—A statement declaring the \$25,000,000 grain elevator corporation with headquarters in Chicago, which was recently incorporated in New Jersey, as "a gigantic attempt to fool the farmer" was issued here tonight by Carl Williams, vice president of the council of farmers co-operative marketing association.

Williams made the statement public just before he left for Chicago to attend a meeting of the council. "While pretending that the corporation is in the interest of the farmer, actually, however, it has all the earmarks of a situation in which considerable private elevator property may be disposed of at a profit," Mr. Williams said.

"It is common knowledge that terminal elevator warehouses in Chicago have not been profitable to their owners for a considerable number of years. I have information that leads me to believe that some of the private companies behind the so-called farmer management turn their elevator properties worth approximately \$2,000,000 at an inventory value several times in excess of that and there is good reason to believe that the new corporation has agreed to pay for all its terminal facilities three or four times their actual value."

## SOCIETY MATRON SUES FINANCIER

Wealthy Oil Man Facing Suit  
Believed Breach of  
Promise Action.

(By the Associated Press)

CHICAGO, July 19.—George Priestley, wealthy Philadelphia oil man and nationally known figure in politics, was served at his hotel today with a summons in a \$250,000 damage suit brought by Mrs. Florence Powell Gill, a Buffalo, New York, society woman.

Attorneys for Mrs. Gill refuse to state the nature of the suit but it was reported to be an action for breach of promise. Mr. Priestley characterized the suit as "black-mail."

"I have known Mrs. Gill for many years," he said. "Our relations certainly never justified a breach of promise suit, if that is the nature of this one."

Priestley was a friend of the late Theodore Roosevelt and was chairman of the financial committee in the late Mr. Roosevelt's campaign for president on the progressive ticket in 1912. While holding this position he declared he made it possible for Mrs. Gill to engage in politics. His wife died last February, but he declared he had never proposed marriage to Mrs. Gill. Mrs. Gill is a divorcee and has one son.

To Support LaFollette  
DETROIT, July 19.—Senator Robert M. LaFollette's presidential campaign will be given the unanimous support of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, it was announced at the union's headquarters here today.

Vets File for Insurance  
Charlie Deaver, the Legion's bonus insurance bureau head here, has issued claim blanks to 142 ex-service men from over Pontotoc county. Deaver stated that the demand had been steady during the past few days.

## DEMOCRATS MAP OUT PROGRAM OF CAMPAIGN FIGHT

Washington to be Headquarters  
of Davis Campaign  
Presidency.

### SHAVER IS CHAIRMAN

Hull Turns Over Chairmanship  
of Committee Without  
Indebtedness.

(By the Associated Press)

WASHINGTON, July 19.—General headquarters of the democratic national committee, during the presidential campaign will be maintained here with other headquarters established at New York and Chicago and regional headquarters set up in as many as four other states in different sections of the country. It was stated today by Clem L. Shaver, campaign manager for John W. Davis and acting chairman of the democratic national committee.

The designation of Mr. Shaver as committee chairman by Mr. Davis was followed today by the resignation of Cordell Hull as national chairman and the announcement that Mr. Shaver would serve as acting chairman until formally elected chairman at the next meeting of the national committee at Clarksburg, W. Va., August 11 in connection with the nomination of Mr. Davis of his nomination for the presidency.

In turning over the office to Mr. Shaver, announcement was made by Mr. Hull, who became national chairman after the 1920 campaign that the organization was free from all debt and was "ready to function in each department from this day forward."

Not only has a debt of \$225,000 of old obligations been cleared, but there are several thousand dollars on hand.

No decision has been made of the personnel of the central committee here or for any of the regional committees but one subsidiary committee will probably be established in the south and two or three places in the west.

WASHINGTON, July 19.—Announcement was made by the Democratic national committee tonight that the date for the nomination of Gov. Charles W. Bryan of his nomination for the vice presidency had been definitely set for August 18, at 8 p. m. at Lincoln, Neb. The address of notification will be made by Senator Harrison of Mississippi, temporary chairman of the national convention.

## REED CLAIMS WAR OF RATES NOW ON

Fight for Lower Rates on  
Western Grain to be  
Continued.

(By the Associated Press)

KANSAS CITY, Mo., July 19.—The fight of the middle western states for lower freight rates on grain, hay and grain products is not ended despite the recent adverse ruling of the Interstate Commerce Commission in dismissing the grain rate cases, Clyde M. Reed, former chairman of the congress of public utilities committee, declared here tonight.

Mr. Reed had instituted the application for reduced rates in behalf of the Kansas farmers and took a leading part in prosecuting the case for the grain growing states and asserted the fight "has just begun."

"Notwithstanding the decision of the Interstate Commerce commission," Mr. Reed said, "and the 'velvet' railroads are getting from it at the expense of the western farmers on adjustment of the transportation problems it still remains the most important question of the west."

"We will find a way to renew the fight for the west's greatest industry."

## Loeb Admits His Blow Responsible For Frank's Death

CHICAGO, July 19.—Richard Loeb, awaiting trial with Nathan Leopold in charges of kidnapping and slaying Robert Franks, has admitted it was he who actually struck the blow that killed the victim, says the Chicago Herald and Examiner today. The blow was struck with a chisel wrapped with tape and Leopold drove the automobile in which they were riding at the time.

The boys told identical stories when first arrested with the exception that each accused the other of striking the fatal blow.

## Baseball Results

American League  
Detroit 18-4, Boston 1-3.  
Chicago 11-4, Philadelphia 4-8.

Ardmore 2, Bartlesville 10.  
Okmulgee 24, Springfield 5.  
Ft. Smith 5, Hutchinson 4.

## POLITICAL RACES NEARING TAPE NOW

Sixty-Seven Democrats Seek  
Political Favor in  
August Primary.

The political sweepstakes in Pontotoc county is nearing the tape and the long steady stride that has characterized the racing thus far are lengthening into a break-neck spurt of speed for the final flash across the line on August 5.

The groomed entrants of various forces within the ranks of the democratic party are pattering down the long open lane of politics with the goal of the swirled chair of office endowment in view.

Sixty-seven democrats are seeking the inner track of favoritism from voters in the grand stand in the big races that get the checkered flag on August 5. The sixty-seven entrants are classed in a number of handicaps from constable to higher stables.

In the race of commissioner of the third district, seven entrants are pitted against each other in the democrat stables alone while Independent, farmer-labor and republican entrants are also raring at the bits. The sheriff's race is also crowded in the democratic section with four entrants. Thirteen republicans and seven farmer-labor swell the stables of all entries in the preliminaries of August 5. The independents will remain idle until the grand finale in November.

In the democratic heat Tal Crawford, the present incumbent, will stand idle during the primary winning the right without opposition.

The race for commissioner in each of the districts is somewhat crowded this primary, there being three in District 1, four in district 2 and seven in District 3. The race for constable for Ada is also swelled, six being entered.

The county clerk, court clerk, assessor and weigher race winners to have a short rest before entering again to defend their honors, their victory lasting for two years only, according to Emmett Roach, secretary of the county election board. The winners in the county attorney and county judge races, however, will enjoy their victory over a period of four years.

The republican and farmer-labor primaries will only be a matter of form as all offices sought have only one contestant. The independent race will only be staged in the finale in November. Two independent entrants have filed for county sheriff and attorney while one has filed for commissioner in District 3.

The recently appointed election board personnel consists of Emmett Roach, secretary; Mrs. Pearl Jones of Roff, chairman; E. S. Waggoner, member.

## Allied Conference Removes Obstacle in Path of Agreement

LONDON, July 19.—The committee of the Inter-allied conference in charge of sanctions in the event of Germany's defaulting on the Dawes scheme today unanimously agreed to insure investors in the loan to Germany of priority on German resources in the event Germany defaulted.

The committee also unanimously agreed to preserve the rights enjoyed by nations that signed the Versailles treaty. These two issues stood in the way of the negotiations of the conference yesterday and an agreement on them it is believed, will expedite the work of drafting a joint agreement on the Dawes plan.

The agreement for the preservation of the rights of the signatories to the Versailles treaty was a concession to Premier Herriot of France and preserves the right of separate action by France.

Killed in Auto Wreck  
BUENA VISTA, Colo., July 19.—Five persons were killed in a wreck near here late last night when their automobile broke through a bridge and dropped 50 feet into the Arkansas river.

## POLICE UNABLE TO FIND WOMEN WITH DEATH CAR

Authorities Powerless With  
no Clues to Identity of  
Drivers.

### UNABLE TO ACT

Boy Run Down on Norman-  
Oklahoma Road by  
Woman Driver.

(By the Associated Press)

OKLAHOMA CITY, July 19.—Police and county authorities were powerless tonight in their efforts towards apprehension of the two women occupants of the coupe which is believed to have run over Charles Walters, 12 years old, on the Oklahoma City-Norman road about a mile south of Moore Friday evening and causing his death. The police acknowledged that they had not the slightest clue to the identity of the women, as it was not known whether they returned to the city after running over the boy. No reports have been made to the police by any one who had passed or saw a car answering the description of the alleged death car. Until some report is made, giving the police a lead, they will be unable to take any action.

The track of the death car showed that after the accident occurred, the car had returned and pulled out of the road to pass the boy and wreckage of the bicycle. The barrier to the underpass had been broken down by the car.

OKLAHOMA CITY, July 19.—Cleveland and Norman city officials today were attempting to learn the identity of two young women who were in an automobile that yesterday struck down and killed Charles Walker, 12-year-old boy, on the Oklahoma City-Norman road near Moore.

Officers were using as a clue a license number furnished them by boys at Moore who observed a car of the small coupe type resembling the one that struck young Walker down about the time the accident occurred.

## ATTEMPT TO STAY LAD'S SENTENCE

Older of Pair Sentenced to  
Die Confesses to Police-  
man's Murder.

(By the Associated Press)

CHICAGO, Ill., July 19.—Barnard Grant, not yet of age, whose hair has turned white since he was convicted of the murder of a Chicago policeman during a hold-up and sentenced to be hanged, is innocent and the victim of a conspiracy, according to a written statement made today at the county jail by Walter Krauser, also awaiting death for the slaying, unless the supreme court grants him a new trial.

Krauser in his statement said that he implicated Grant after being beaten by police and later on the advice of lawyers and relatives tried to fasten the crime on Grant. He declared his conscience had troubled him of late and he wished to save Grant from the gallows on October 12, when both are sentenced to die. Krauser's confession, however, will not save either unless Governor Len Small intervenes.

Both men were convicted of killing Ralph Souders December, 1922, when the policeman came upon them while they were trying to hold up a tea store. They were tried separately and both were convicted of murder but Grant filed an appeal which was denied by the supreme court. A motion for a new trial for Krauser is now pending before the supreme court.

## Search Continues For Bodies of Seven Children Lost at Sea

(By the Associated Press)

FAIRFIELD, Conn., July 19.—Searching Long Island sound and shore for seven children who put out in a canoe from St. Mary's-by-the-Sea Thursday, continued today without results. Hope was virtually abandoned and shore residents were asked to be on the lookout for the bodies.

The canoe in which the children set out on the rough sea was recovered yesterday afternoon midway between here and Port Jefferson, L. I. The seats were in position and this at first led to the belief that the children may have been picked up. Five boys and two girls ranging from 8 to 15 years of age, went out in the canoe. None could swim.

Hundreds of hens were drowned in a flood in Holland recently.

## DENVER POST EDITOR DIES FROM ATTACK

(By the Associated Press)

DENVER, July 19.—Harry W. Tammer, editor and part owner of The Denver Post, died early today after a short illness.

Mr. Tammer is survived by his wife, Mrs. Agnes Tammer, and his brother Frank Tammer of Denver. He was associated with F. G. Bonifis formerly owned the Kansas City Post. They also were formerly owners of the Sells-Floto circus.

In addition to his interest in the Post Mr. Tammer was understood to have had a private fortune of \$5,000,000.

Mr. Tammer had been ill about four months. About three weeks ago he was operated on at the Johns Hopkins hospital at Baltimore, Md., and returned Monday to Denver in the private car of J. Ogden Armour, a close personal friend.

Mr. Tammer was 60 years old. According to his physician he had a very quiet night and his death was unexpected. Twenty-nine years ago when Mr. Bonifis bought the Post it was the smallest paper in Denver. Today it has the largest circulation of any newspaper in the Rocky mountain district.

## VETS PREPARING FOR CONVENTION

All Indications Point to Record  
Attendance at Ada  
Gathering.

Ada veterans are scrambling about over the residential districts of the city to secure a sufficient number of lodging places for the horde of World war veterans who will assemble here July 27, 28 and 29 for the Annual Oklahoma Departmental Legion convention, which gives promise of being the greatest since organization in the state.

Requests for hotel reservations have poured into the local legion headquarters to such an extent that local officials predict an attendance of over 3,000 legionnaires from practically every post in the state.

Okla. City, Tulsa, Muskogee and other larger cities of the state have notified the housing committee for the convention that large delegations would pilgrimage to Ada for the convention and arrangements have been made to care for them.

Evidence of increasing interest in Ada convention is found in the bitter fight being waged by a half dozen candidates for the command of the Oklahoma department, American Legion and also the rivalry between several cities for the honor of entertaining the war vets in 1925.

As the date for the convention draws near, chairman of various conventions committees start on the last step of preparation for a complete and systematic reception and entertainment for visiting delegates.

Every phase of convention activity is mapped out and under the charge of committees headed by chairmen who are competent and willing to devote their entire time during the convention in serving the wants and needs of visiting Buddies.

On arriving in Ada, veterans will find Ada all dressed up to receive them several hundred dollars going into the convention fund for that purpose in addition to the decorative preparations being made by Ada business houses.

Any number of novel attractions and entertainments have been mapped out to catch the eye and appetit of Buddies on leave. They include a bathing girl revue, a rodeo, polo games on borros between Lawton and Ardmore and on kiddy cars between teams of the Tulsa Voltire, 40 Hommes et 8 Cheveaux, a vaudeville, continuous dance, free swims and rides and a feature boxing card between Archie Cooper and Red Lewis.

Headquarters for the convention will be in Ada's new Convention Hall, the home of the Norman Howard post, hosts of the convention. The executive sessions of the convention will be held in the convention hall.

Members of the local Auxiliary unit are also planning the greatest convention in the history of the Oklahoma department. They expect over 200 women from the various units of the state as well as Auxiliary officers of the state. An elaborate program has been outlined for the women visitors outside the regular routine of business matters.

Threatening rain clouds fail to bring rain. Threatening showers failed to materialize into anything of moistening nature sufficient to benefit crops in Pontotoc county when rain clouds hovered over the city Saturday. Evidence of rain prevailed throughout the day but old settlers cast a knowing glance at the sky and flatly conceded that Ada need hope for relief unless further evidence presented itself in the sky.

Farmers from over the country state that rain is needed at the present time to bring in the corn crop.

## PERSIA REGRETS COUNSUL SLAYING AT NATIVE CITY

Persian Legation Expresses Its  
Deep Regret Over Murder  
of Official.

### WILL AVENGE DEATH

Claim Attack Brought on by  
Carelessness in Going to  
Native Shrine.

(By the Associated Press)

WASHINGTON, July 19.—Instructions were received by the Persian legation from its government tonight to express to the Washington government its deep regrets over the killing of Vice Consul Robert Imbrie by a native mob at Teheran and state that the Persian government will do "all in its power to do its full duty in this case."

"The Persian government," is was added, "is seeking the guilty persons in the case and will take all possible steps to secure their punishment."

At the same time the cable dispatch to the legation was said to have indicated that the attack on Imbrie and his companion, Malin Seymour, was brought on "by their own carelessness in going to a sacred place and persisting in taking pictures."

"Police and soldiers who went to their assistance," it was added "were attacked by the mob, three policemen being mortally wounded and a soldier dying a few hours later of injuries received."

The instructions were received at the legation while American government officials were awaiting further advice from Joseph S. Cornfield, its minister at Teheran, concerning the case. A thorough investigation was being made tonight, it was stated, but as yet there was no disposition on the part of the Washington government to attempt to fix responsibility for the murder either on the Persian government or Teheran authorities.

LONDON, July 19.—A dispatch to the Evening News from Teheran, Persia, states that Maj. Robert Imbrie, American consul there, died as the result of a severe beating administered by a mob. Another American, it said, who was with Maj. Imbrie, was taken to a hospital after being seriously wounded.

Other advices from Teheran have it that "the American consul with his oriental secretary" were photographing a public fountain when a mob suddenly attacked them. It was said that the American official was killed and his secretary and several policemen injured.

Other dispatches from Washington announced that Mrs. Imbrie had reported to the state department the death of Maj. Imbrie, vice consul in charge at Teheran. Other messages to the department, however, have no details. Washington officials were somewhat puzzled by Mrs. Imbrie's message and were awaiting details when they were apprised by Associated Press dispatches that the American consul at Teheran had been killed. Steps were taken at once to ascertain the circumstances from official channels.

Major Imbrie was vice consul in charge of the Teheran consulate during the absence of Consul Bernard Gottlieb who is said to be in the United States on leave.

On entering the consular service in 1917, Major Imbrie was appointed vice consul at Petrograd and afterwards served at Yoborg and Constantinople. He was born in Washington in 1884, graduated at George Washington university and later received a post graduate degree from Yale. He practiced law from 1907 to 1915, when he entered the French army as a volunteer and served in the world war until 1917.

Major Imbrie in December, 1922, while acting as observer for the state department, married Miss Katherine Gillespie of North Rochelle, N. Y., in Constantinople. Miss Gillespie at the time was director of the Near East Relief orphanage. The marriage took place in the chapel of the Benedictine monks, and came as a surprise to friends of the couple. Their romance had begun a year before at Angora where Miss Gillespie was caring for Armenian and Greek orphans.

Wins Tennis Doubles  
OLYMPIC STADIUM, Colombes, France, July 19.—Miss Helen Wills and Mrs. George Wightman, Americans, won the women's double championship of the Olympic tennis competition, defeating Miss Kathleen McKane and Mrs. Phyllis Corvill in the finals today, 7-5, 8-6.

Negro Is Hanged  
MERIDIAN, Miss., July 19.—Harry Shelton, a negro, was taken from the jail at Scooba near here last night by a mob of about thirty-five men and hanged from a tree limb and his body riddled with bullets.

He was said to have attempted to assault a white woman living near Electric Mills a week ago.

WEATHER  
Sunday and Monday generally  
fair.

DETROIT, July 19.—Senator Robert M. LaFollette's presidential campaign will be given the unanimous support of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, it was announced at the union's headquarters here today.

Vets Flee for Insurance  
Charlie Deaver, the Legion's bonus insurance bureau head here, has issued claim blanks to 142 ex-service men from over Pontotoc county. Deaver stated that the demand had been steady during the past few days.

## DEMOCRATS MAP OUT PROGRAM OF CAMPAIGN FIGHT

Washington to be Headquar-  
ters of Davis Campaign  
Presidency.

## SHAWER IS CHAIRMAN

Hull Turns Over Chairman-  
ship of Committee With-  
out Indebtedness.

(By the Associated Press)

WASHINGTON, July 19.—General headquarters of the democratic national committee, during the presidential campaign will be maintained here with other headquarters established at New York and Chicago and regional headquarters set up in as many as four other states in different sections of the country, it was stated today by Clem L. Shaver, campaign manager for John W. Davis and acting chairman of the democratic national committee.

The designation of Mr. Shaver as committee chairman by Mr. Davis was followed today by the resignation of Cordell Hull as national chairman and the announcement that Mr. Shaver would serve as acting chairman until formally elected chairman at the next meeting of the national committee at Chattanooga, W. Va., August 11 in connection with the nomination of Mr. Davis of his nomination for the presidency.

In turning over the office to Mr. Shaver, an announcement was made by Mr. Hull, who became national chairman after the 1920 campaign, that the organization was free from all debt and was "ready to function in each department from this day forward."

Not only has a debt of \$225,000 of old obligations been cleared, but there are several thousands dollars on hand.

No decision has been made of the personnel of the central committee here or for any of the regional committees but one subsidiary committee will probably be established in the south and two or three places in the west.

WASHINGTON, July 19.—Announcement was made by the Democratic national committee tonight that the date for the nomination of Gov. Charles W. Bryan of his nomination for the vice presidency had been definitely set for August 18, at 8 p. m. at Lincoln, Neb. The address of notification will be made by Senator Harrison of Mississippi, temporary chairman of the national convention.

## REED CLAIMS WAR OF RATES NOW ON

Fight for Lower Rates on  
Western Grain to be  
Continued.

(By the Associated Press)

KANSAS CITY, Mo., July 19.—The fight of the middle western states for lower freight rates on grain, hay and grain products is not ended despite the recent adverse ruling of the Interstate Commerce Commission in dismissing the grain rate cases. Clyde M. Reed, former chairman of the congress of public utilities committee, declared here tonight.

Mr. Reed had instituted the application for reduced rates in behalf of the Kansas farmers and took a leading part in prosecuting the case for the grain growers' states and asserted the fight "has just begun."

"Notwithstanding the decision of the Interstate commerce commission," Mr. Reed said, "and the 'veto' the railroads are getting from it at the expense of the western farmers on adjustment of the transportation problems it still remains the most important question of the west."

"We will find a way to renew the fight for the west's greatest industry."

Loeb Admits His  
Blow Responsible  
For Frank's Death  
CHICAGO, July 19.—Richard Loeb, awaiting trial with Nathan Leopold in charges of kidnapping and slaying Robert Franks, has admitted it was he who actually struck the blow that killed the victim, says the Chicago Herald and Examiner today. The blow was struck with a chisel wrapped with tape and Leopold drove the automobile in which they were riding at the time.

The boys told identical stories when first arrested with the exception that each accused the other of striking the fatal blow.

## Baseball Results

American League  
Detroit 18-4, Boston 1-3.

## POLITICAL RACES NEARING TAPE NOW

Sixty-Seven Democrats Seek  
Political Favor in  
August Primary.

The political sweepstakes in Pontotoc county is nearing the tape and the long steady stride that has characterized the racing thus far are lengthening into a break-neck sprint of speed for the final flash across the line on August 5.

The groomed entrants of various forces within the ranks of the democratic party are patterning down the long open lane of politics with the goal of the swivel chair of office endorsement in view.

Sixty-seven democrats are seeking the inner track of favoritism from voters in the grand stand in the big races that get the chequered flag on August 5. The sixty-seven entrants are classed in a number of handicaps from constable to higher stables.

In the race of commissioner of the third district, seven entrants are pitted against each other in the democratic stables alone while independent, farmer-labor and republican entrants are also vying at the bits. The sheriff's race is also crowded in the democratic section with four entrants. Thirteen republicans and seven farmer-labor swell the stables of all entries in the preliminaries of August 5. The independents will remain idle until the grand finale in November.

In the democratic heat Tal Crawford, the present incumbent, will stand idle during the primary winding the right without opposition.

The race for commissioner in each of the districts is somewhat crowded this primary, there being three in District 1, four in district 2 and seven in District 3. The race for constable for Ada is also swelled, six being entered.

The county clerk, court clerk, assessor and weigher race winners to have a short rest before entering again to defend their honors, their victory lasting for two years only, according to Emmett Roach, secretary of the county election board. The winners in the county attorney and county election board. The winners in the county attorney and county judge races, however, will enjoy their victory over a period of four years.

The republican and farmer-labor primaries will only be a matter of form as all offices sought have any one contestant. The independent race will only be staged in the finale in November. Two independent entrants have filed for county sheriff and attorney while one has filed for commissioner in District 3.

The recently appointed election board personnel consists of Emmett Roach, secretary; Mrs. Pearl Jones of Roft, chairman; E. S. Waggoner, member.

## Allied Conference Removes Obstacle in Path of Agreement

LONDON, July 19.—The committee of the inter-allied conference in charge of sanctions in the event of Germany's defaulting on the Dawes scheme today unanimously agreed to insure investors in the loan to Germany of priority on German resources in the event Germany defaulted.

The committee also unanimously agreed to preserve the rights enjoyed by nations that signed the Versailles treaty. These two issues stood in the way of the negotiations of the conference yesterday and an agreement on them it is believed, will expedite the work of drafting a joint agreement on the Dawes plan.

The agreement for the preservation of the rights of the signatories to the Versailles treaty was a concession to Premier Herriot of France and preserves the right of separate action by France.

Killed in Auto Wreck  
BUENA VISTA, Colo., July 19.—Five persons were killed in a wreck near here late last night when their automobile broke through a bridge and dropped 50 feet into the Arkansas river.

## POLICE UNABLE TO FIND WOMEN WITH DEATH CAR

Authorities Powerless With  
no Clues to Identity of  
Drivers.

## UNABLE TO ACT

Boy Run Down on Norman-  
Oklahoma Road by  
Woman Driver.

(By the Associated Press)

OKLAHOMA CITY, July 19.—Police and county authorities were powerless tonight in their efforts towards apprehension of the two women occupants of the coupe which is believed to have run over Charles Walters, 12 years old, on the Oklahoma City-Norman road about a mile south of Moore Friday evening and causing his death. The police acknowledged that they had not the slightest clue to the identity of the women, as it was not known whether they returned to the city after running over the boy. No reports have been made to the police by any one who had passed or saw a car answering the description of the alleged death car. Until some report is made, giving the police a lead, they will be unable to take any action.

The track of the death car showed that after the accident occurred, the car had returned and pulled out of the road to pass the boy and wreckage of the bicycle. The barrier to the underpass had been broken down by the car.

OKLAHOMA CITY, July 19.—Cleveland and Norman city officials today were attempting to learn the identity of two young women who were in an automobile that yesterday struck down and killed Charles Walters, 12-year-old boy, on the Oklahoma City-Norman road near Moore.

Officers were using as a clue a license number furnished them by boys at Moore who observed a car of the small coupe type resembling the one that struck young Walters down about the time the accident occurred.

## ATTEMPT TO STAY LAD'S SENTENCE

Older of Pair Sentenced to  
Die Confesses to Police-  
man's Murder.

(By the Associated Press)

CHICAGO, Ill., July 19.—Bernard Grant, not yet of age, whose hair has turned white since he was convicted of the murder of a Chicago policeman during a hold-up and sentenced to be hanged, is innocent and the victim of a conspiracy, according to a written statement made today at the county jail by Walter Krauser, also awaiting death for the slaying unless the supreme court grants him a new trial.

Krauser in his statement said that he implicated Grant after being beaten by police and later on the advice of lawyers and relatives tried to fasten the crime on Grant. He declared his conscience had troubled him of late and he wished to save Grant from the gallows on October 2, when both are sentenced to die. Krauser's confession, however, will not save either unless Governor Len Small intervenes.

Both men were convicted of killing Ralph Souders December, 1922, when the policeman came upon them while they were trying to hold up a tea store. They were tried separately and both were convicted of murder but Grant filed an appeal which was denied by the supreme court. A motion for a new trial for Krauser is now pending before the supreme court.

## Search Continues For Bodies of Seven Children Lost at Sea

(By the Associated Press)

FAIRFIELD, Conn., July 19.—Searching Long Island sound and shore for seven children who put out in a canoe from St. Mary's-by-the-Sea Thursday, continued today without results. Hope was virtually abandoned and shore residents were asked to be on the lookout for the bodies.

The canoe in which the children set out on the rough sea was recovered yesterday afternoon midway between here and Port Jefferson, L. I. The seats were in position and this at first led to the belief that the children may have been picked up. Five boys and two girls ranging from 8 to 15 years of age, went out in the canoe. None could swim.

Hundreds of hens were drowned in a flood in Holland recently.

## DENVER POST EDITOR DIES FROM ATTACK

(By the Associated Press)

DENVER, July 19.—Harry W. Tammer, editor and part owner of The Denver Post, died early today after a short illness.

Mr. Tammer is survived by his wife, Mrs. Agnes Tammer, and his brother Frank Tammer of Denver. He was associated with F. G. Bonifils formerly owned the Kansas City Post. They also were formerly owners of the Sells-Floto circus.

In addition to his interest in the Post Mr. Tammer was understood to have had a private fortune of \$5,000,000.

Mr. Tammer had been ill about four months. About three weeks ago he was operated on at the Johns Hopkins hospital at Baltimore, Md., and returned Monday to Denver in the private car of J. Ogden Armour, a close personal friend.

Mr. Tammer was 60 years old. According to his physician he had a very quiet night and his death was unexpected. Twenty-nine years ago when Mr. Bonifils bought the Post it was the smallest paper in Denver. Today it has the largest circulation of any newspaper in the Rocky mountain district.

## VETS PREPARING FOR CONVENTION

All Indications Point to Record  
Attendance at Ada  
Gathering.

Ada veterans are scrambling about over the residential districts of the city to secure a sufficient number of lodging places for the horde of World war veterans who will assemble here July 27, 28 and 29 for the Annual Oklahoma Departmental Legion convention, which gives promises of being the greatest since organization in the state.

Requests for hotel reservations have poured into the local legion headquarters to such an extent that local officials predict an attendance of over 3,000 legionnaires from practically every post in the state. Oklahoma City, Tulsa, Muskogee and other larger cities of the state have notified the housing committee for the convention that large delegations would pilgrimage to Ada for the convention and arrangements have been made to care for them.

Evidence of increasing interest in Ada convention is found in the bitter fight being waged by a half dozen candidates for the commandership of the Oklahoma department, American Legion and also the rivalry between several cities for the honor of entertaining the war vets in 1925.

As the date for the convention draws near, chairman of various conventions committees start on the last step of preparation for a complete and systematic reception and entertainment for visiting delegates.

Every phase of convention activity is mapped out and under the charge of committees headed by chairmen, who are competent and willing to devote their entire time during the convention in serving the wants and needs of visiting buddies.

On arriving in Ada, veterans will find Ada all dressed up to receive them several hundred dollars going into the convention fund for that purpose in addition to the decorative preparations being made by Ada business houses.

Any number of novel attractions and entertainments have been mapped out to catch the eye and attention of buddies on leave. They include a bathing girl revue, a rodeo, polo games on borros between Lawton and Ardmore and on kiddy cars between teams of the Tulsa Voltures, 40 Hommes et 8 Chevaux, a vaudeville, continuous dance, free swims and rides and a feature boxing card between Artellis Cooper and Red Lewis.

Headquarters for the convention will be in Ada's new Convention Hall, the home of the Norman Ford post, hosts of the convention. The executive sessions of the convention will be held in the convention hall.

Members of the local Auxiliary unit are also planning the greatest convention in the history of the Oklahoma department. They expect over 200 women from the various units of the state as well as Auxiliary officers of the state. An elaborate program has been outlined for the women visitors outside the regular routine of business matters.

## THREATENING RAIN CLOUDS FAIL TO BRING RAIN

Threatening showers failed to materialize into anything of moistening nature sufficient to benefit crops in Pontotoc county when rain clouds hovered over the city Saturday. Evidence of rain prevailed throughout the day but old settlers cast a knowing glance at the sky and flatly conceded that Ada need hope for relief unless further evidence presented itself in the sky.

Farmers from over the country state that rain is needed at the present time to bring in the corn crop.

## PERSIA REGRETS COUNSUL SLAYING AT NATIVE CITY

Persian Legation Expresses Its  
Deep Regret Over Mur-  
der of Official.

## WILL AVENGE DEATH

Claim Attack Brought on by  
Carelessness in Going to  
Native Shrine.

(By the Associated Press)

WASHINGTON, July 19.—Instructions were received by the Persian legation from its government tonight to express to the Washington government its deep regrets over the killing of Vice Consul Robert Imbrie by a native mob at Teheran and state that the Persian government will do "all in its power to do its full duty in this case."

"The Persian government," it was added, "is seeking the guilty persons in the case and will take all possible steps to secure their punishment."

At the same time the cable dispatch to the legation was said to have indicated that the attack on Imbrie and his companion, Major Seymour, was brought on "by their own carelessness in going to a sacred place and persisting in taking pictures."

"Police and soldiers who went to their assistance," it was added "were attacked by the mob, three policemen being mortally wounded and a soldier dying a few hours later of injuries received."

The instructions were received at the legation while American government officials were awaiting further advice from Joseph S. Cornfield, its minister at Teheran, concerning the case. A thorough investigation was being made tonight, it was stated, but as yet there was no disposition on the part of the Washington government to attempt to fix responsibility for the murder either on the Persian government or Teheran authorities.

LONDON, July 19.—A dispatch to the Evening News from Teheran, Persia, states that Maj. Robert Imbrie, American consul there, died as the result of a severe beating administered by a mob. Another American, it said, who was with Maj. Imbrie, was taken to a hospital after being seriously wounded.

Other advisers from Teheran have it that "the American consul with his oriental secretary" were photographing a public fountain when a mob suddenly attacked them. It was said that the American official was killed and his secretary and several policemen injured.

Other dispatches from Washington announced that Mrs. Imbrie had reported to the state department the death of Maj. Imbrie, vice consul in charge at Teheran. Other messages to the department, however, have no details. Washington officials were somewhat puzzled by Mrs. Imbrie's message and were awaiting details when they were apprised by Associated Press dispatches that the American consul at Teheran had been killed. Steps were taken at once to ascertain the circumstances from official channels.

Major Imbrie was vice consul in charge of the Teheran consulate during the absence of Consul Bernard Gollieb who is said to be in the United States on leave.

On entering the consular service in 1917, Major Imbrie was appointed vice consul at Petrograd and afterwards served at voborg and Constantinople. He was born in Washington in 1884, graduated at George Washington university and later received a post graduate degree from Yale. He practiced law from 1907 to 1915, when he entered the French army as a volunteer and served in the world war until 1917.

Major Imbrie in December, 1922, while acting as observer for the state department, married Miss Katherine Gillespie of North Rochelle, N. Y., in Constantinople. Miss Gillespie at the time was director of the Near East Relief orphanage. The marriage took place in the chapel of the Benedictine monks, and came as a surprise to friends of the couple. Their romance had begun a year before at Angora where Miss Gillespie was caring for Armenian and Greek orphans.

Wins Tennis Doubles  
OLYMPIC STADIUM, Colombes, France, July 19.—Miss Helen Williams and Mrs. George Wightman, Americans, won the women's double championship of the Olympic tennis competition, defeating Miss Kathleen McKane and Miss Phyllis Corvill in the finals today, 7-5, 8-6.

Negro Is Hanged  
MERRIDIAN, Miss., July 19.—Harry Shelton, a negro, was taken from the jail at Scooba near here last night by a mob of about thirty-five men and hanged from a tree limb and his body riddled with bullets.

He was said to have attempted to assault a white woman living near Electric Mills a week ago.

# PIPE LINE TO CROSS PONTOTOC COUNTY

## OKLAHOMA PIPE LINE CO. TO START SOON

Forty Acres Purchased Near Francis for Big Plant.

The Oklahoma Pipe Line company will spend several hundred thousand dollars in this county, according to information obtained Saturday from sources considered absolutely reliable.

The company has purchased forty acres adjoining the town of Francis on the south and will there erect ten or twelve bungalows, a pump station, some tankage and other buildings and machinery necessary for a relay station. The expenditure on this tract of land will be approximately \$300,000.

The pipe line will extend entirely across the county, passing probably within a mile of Ada. It will be the main line leading from the Cromwell field in the northern end of Seminole county to the Gulf, going from here by way of Davis and then into Arkansas. Three hundred and fifty men will be employed on the line.

This is considered one of the most important happenings, so far as the oil industry is concerned, that has ever come to this county. It means, oil men explain, that many of the wells which have not been put on pump on account of a lack of marketing facilities, can now be utilized, or new ones drilled, and that the state will be able to make paying wells when otherwise such would not be the case.

Some of the men from the company will be here within a few days, at which time the entire details of the project will be given.

## Owen Replies to Query on World Conference Report

LONDON, July 19.—"Our work must be and will be approved by the peoples of the world because always personal considerations were unknown in our efforts to find a practical, economic and common sense basis of future co-operation between the allies and Germany."

Charles G. Dawes declared in a message to his fellow members of the first expert committee made public in part today by Owen D. Young.

The message was in reply to one of felicitation sent to the vice presidential nominee of the Republican party by his fellow members of the committee which drew up the Dawes report.

## TRIMM FUNERAL SERVICES TO BE HELD IN TOWN

The funeral services for A. T. Trimm will be held this afternoon at 2:30 at the Criswell undertaking parlors, instead of at the family home south of town as first announced. The service will be conducted by Rev. Teague, internment at Rosedale cemetery.

## Bobtail Winner in Ashland, Kentucky Derby on Fast Track

(By the Associated Press)  
ASHLAND, Ky., July 19.—Bobtail won the \$5,000 Raceland derby at the new Raceland course here covering the mile and one-half route in the fast time of 2 minutes, 4 3-5 seconds. Alta Wood and the favorite, Black Gold, were the only other starters at the wire. The winner, owned by Col. E. R. Bradley and piloted by Jockey Lyke, took the lead at the snap of the barrier, followed by Black Gold and Alta Wood. Lyke kept his lead until the home stretch when Black Gold and Alta Wood moved up close.

Alta Wood pressed the winner towards the end but Bobtail finished by a head.

## MINERS AT WORK DESPITE THREAT

County Officers Protect Non-Union Miners at Work at McAlester.

McALESTER, July 19.—About 100 miners went to work at the Deagan and Connell coal mine here this morning and all immediate prospects of a threatened repetition of disorders that occurred yesterday at the Kali Inla mine at Cambria seemed to have disappeared according to Sheriff Austin Park, who with a force of five deputies was on guard at the shaft.

There was conveyed to the employees of the D & M mine, who were working on an open shop basis, that an invading force from the neighboring mining community of Hartshorne, 12 miles distant, would descend on the mine today and force suspension of the work as was done at the Kali Inla mine yesterday.

The invasion, however, was expected at the opening hour, 6 o'clock, according to Sheriff Park, but after several hours had passed without any untoward event, he believed that any danger of trouble was gone.

Reports that the threat had been conveyed to the miners here reached Sheriff Park last night but its precise nature and source were not made public. Sheriff Park immediately mustered a force of deputies and planned to surround the mine early today. He announced his determination to prevent a repetition of the Cambria incident.

Sheriff Park expressed confidence last night in his ability to cope with the situation although following a telephone conversation with Acting Governor Tom Anglin, Adjutant General Baird H. Markham was advised to prepare to respond quickly to a call for state troops should they be needed.

County authorities are investigating the Kali Inla occurrence but no arrests have been made. The mine owners declined to comment on the affair or say what action they would take toward continuing the operation of the mine. All was quiet at the mine last night and today.

## IN AFGHANISTAN, ALL A MAN HAS TO DO TO TAKE A GIRL AS HIS WIFE IS TO CUT OFF A LOCK OF HER HAIR OR THROW A SHEET OVER HER.

Mr. Hughes placed himself in the ranks of the great motion picture directors of today with his work on "Souls for Sale," which is still tremendously popular. His production of "Reno" will further enhance his reputation in the directorial field.

The cast is one of unusual brilliancy. Helene Chadwick has the feminine lead, that of Guy Tappan's second wife. The part of Tappan is played by Lew Cody, one of the screen's finest actors of villainous roles. Carmel Myers portrays the part of the third wife and Hedda Hopper, that of the first. George Walsh has an outstanding part as the second husband, while other popular players in the cast are Kathleen Key, Rush Hughes, son of the author-director, Marjorie Bonner, designated by Major Hughes as the perfect flapper, William Orlmond, Howard Truesdale, Robert de Vilbiss, Virginia Loomis, Richard Wayne, Hughes Mack, Victor Patel, Jack Curtis and others.

The photoplay was in charge of John Mesall and embraces some of the most spectacularly beautiful nature shots which the films have yet presented. The exteriors, which were taken mostly in the Yellowstone Park, are exceptionally beautiful. The sets employed were designed by Cedris Gibbons and are characteristic of his fine feeling for architecture.

## RENO

RUPERT HUGHES RISES TO NEW DRAMATIC HEIGHTS IN HIS PICTURE OF THE DIVORCE KILL, "RENO."

## MUCH INTEREST IN TENNIS PLAY

Lively Net Battles Bring Little Change in Standing.

## OKLAHOMA CITY CLUB TO COME HERE FOR GAME

Ada Independents will meet an aggregation from Oklahoma City here Sunday for the Sunday baseball conflict, according to A. O. Green, manager of the local club.

According to reports received here, the team is a skeleton of the old Wilson Packers team and has many of the old stars of that club on the lineup.

## MILITARY COURT CHARGES DISMISSED AT HEARING

TULSA, July 19.—Charges against thirty-five Tulsa county defendants filed by the attorney general on evidence obtained by the military court here last August during martial law, were dismissed by Assistant Attorney General D. W. King.

Lack of corroborating evidence against the men was the reason given by King for his order. The charges were pending in district court and common pleas courts.

## INTERESTING MEMORANDUM POSSESSED BY ADA MAN

An interesting memorandum is in the possession of G. N. Waldbury of Ada. It tells of the life of one of Mr. Waldbury's ancestors, John Waldbury, who died in 1397. The Rev. Waldbury was a noted man in his day, being Archbishop of Dublin from 1387 to 1395. He was also archbishop of York and held a bishopric in France.

The memorandum apparently was written a century or more ago but the writing is legible. The paper has become torn with the passing years.

Buy it—rent it—sell it—find it with a NEWS want ad.

## HOWARTH TO START 26-INCH HOLE HERE

4,100-foot Test to be Made Northeast of Ada, Southeast of Francis.

Floyd O. Howarth is moving in the boiler to start drilling in section 14-4-7, northeast of Ada. This test is to start with a 26-inch hole, the largest ever started in the county. The well will be drilled 4,100 feet if necessary. Mr. Howarth is drilling another well near Francis, being down approximately 2,400 feet.

The Dixie has decided to abandon the offset to the Gilbert-Clark-Dixie well in section 28-3-4, south of Vanoss.

C. J. Wrightsman is drilling in blue shale at 1,350 feet in section 24-4-4. A good showing of oil was passed up above the shale. While it is an encouraging sign, there was not enough oil for a pay oil.

The Empire is drilling at 2,260 in section 4-2-7, between Frisco and Stonewall.

The Goldline Oil company has spudded in for a test in section 13-2-3 just across the line in Garvin county, west of Roff.

## SLIM POLICE COURT

The city court faced a slim representation from the city's ranks of law violators Saturday morning when three were fined. Two drunks and one pistol totter completed the list of offenders.

## RENO

RUPERT HUGHES RISES TO NEW DRAMATIC HEIGHTS IN HIS PICTURE OF THE DIVORCE KILL, "RENO."

The film is a Tense and Emotional Yet Highly Amusing Presentation of the Evils of Our Varying Divorce Laws.

## COLLEGE MASONS TO BE ENTERTAINED

Local Fraternity to be Host To Teacher Masons of College

A full program of entertainment is planned for the Masonic gathering to be held Monday night at the temple as a formal dedication of the recently renovated Masonic quarters at which time teachers and students of the College who are Masons will be guests of the local fraternity.

Committees in charge of the entertainment expect to have a record attendance at the formal opening of the temple and to welcome Mason teachers to enjoy the brotherhood of the local lodges.

The following program has been arranged for the evening:

7 p. m.—Opening of lodge by regular officers.

Examinations. Examining committee: Dr. F. R. Laird, R. J. Hough, D. W. Swaffar, Robert Williamson, V. L. Hobson, C. C. Neal, A. D. Stubblefield, J. L. German, Chas. A. Smith and Walter Pendleton.

7:30 p. m.—First Section

Conferring of Master Mason degree by a special team composed of: M. O. Matthews, Bailey M. Bobbitt, R. C. Garrett, William Powell, A. C. Chaney, W. M. Wornack, U. C. Dixon, Edgar A. Poe, John J. Wornack, Thomas Grant, M. C. Grigsby, John Gardner.

8:30 p. m.—Intermission, refreshments, music, fellowship.

Selection.—College Quartet.

A Vocal solo.—Miss Callis, accompanist, Mary Belle Harvey.

Cornet duet.—Jack Moore Jr. and Richard Taylor.

9:10 p. m.—Second section, conferring Master Mason degree.

## FOUR WELLS TO GO GO DOWN NEAR CITY

Pilgrim and T. and P. to Become Active; W. J. Bryan Ready.

Two wells, at least 2,500 feet deep, will be drilled almost at the city limits, one in section 31-4-6 and the other in section 27-4-6. Both will be drilled by the Pilgrim Petroleum company and the Texas and Pacific Oil and Gas company, L. J. Zolter did the undersurface geology work.

Drilling on these two wells is to start within thirty days.

The first named well is west of the city, in the section where the first gas field was discovered. The second is north of the Frisco railroad and just east of Mississippi avenue, on the Ada Investment company property.

But this is not all. Two other wells will be drilled just northwest of the city. W. J. Bryan and others will begin the erection of a rig on the Clint Palmer farm in section 18-4-6 Monday. Work on the cellar has already been done. Drilling will start with an 18-inch hole.

Another well will be drilled as soon as the oil conditions justify it on the Corvin farm in section 24-4-5. This will mean four new wells starting almost in the shadow of the Ada business section.

Mr. Bryon and associates have taken over some of the interests of Ed Gillette and Robert Galbraith, in this block of acreage, though these men have contracted to drill the wells.

## No. 1

the demonstration was directed.

WASHINGTON, July 19.—Senator Wheeler of Montana, who won national distinction by his conduct of the senate Daugherty investigation, accepted the vice presidential nomination of the La Follette ticket and immediately began his campaign with a broadside against the political affiliations of Calvin Coolidge and John W. Davis.

"I am a democrat, but not a Wall Street democrat," he said in a letter formally accepting the nomination tendered him by the group of La Follette leaders in conference here.

"The democratic party," he continued, "recently abandoned an opportunity for a great public service and both it and the republican party ignored the call of unorganized millions who are victims of the present economic disorders."

Senator Wheeler's acceptance of the nomination and his denunciation of the two old line parties are embodied in a letter W. H. Johnson of the Machinists union, heading the committee sent to him by the conference of the La Follette leaders to receive his reply to the formal tender of the vice presidential nomination made yesterday.

## MUCH INTEREST IN TENNIS PLAY

Lively Net Battles Bring Little Change in Standing.

## OKLAHOMA CITY CLUB TO COME HERE FOR GAME

Ada Independents will meet an aggregation from Oklahoma City here Sunday for the Sunday baseball conflict, according to A. O. Green, manager of the local club.

According to reports received here, the team is a skeleton of the old Wilson Packers team and has many of the old stars of that club on the lineup.

## MILITARY COURT CHARGES DISMISSED AT HEARING

TULSA, July 19.—Charges against thirty-five Tulsa county defendants filed by the attorney general on evidence obtained by the military court here last August during martial law, were dismissed by Assistant Attorney General D. W. King.

Lack of corroborating evidence against the men was the reason given by King for his order. The charges were pending in district court and common pleas courts.

## INTERESTING MEMORANDUM POSSESSED BY ADA MAN

An interesting memorandum is in the possession of G. N. Waldbury of Ada. It tells of the life of one of Mr. Waldbury's ancestors, John Waldbury, who died in 1397. The Rev. Waldbury was a noted man in his day, being Archbishop of Dublin from 1387 to 1395. He was also archbishop of York and held a bishopric in France.

The memorandum apparently was written a century or more ago but the writing is legible. The paper has become torn with the passing years.

Buy it—rent it—sell it—find it with a NEWS want ad.

## THE SANTA FE DOLLAR IN 1923 WENT AS FOLLOWS:

Maintenance of track, buildings, etc. 13.37 cents  
Maintenance of locomotives, freight and passenger cars 19.35  
Train, station and switching, and other transportation 19.86  
Fuel 5.99  
Food 8.49  
Salaries and expenses of clerks and other general office employees 1.06  
Legal, valuation, general officers, pensions and death benefits and miscellaneous 3.89  
Depreciation and retirement, equipment and ice plants 1.04  
Loss, damage and casualties 1.07  
Rent of equipment, joint facilities, etc. 4.60  
Interest on bonds and other interest charges 8.06  
Dividends on capital stock 8.79  
Taxes 106.00 cents  
Balance available for expanding facilities

## How The Santa Fe dollar was spent in 1923

Taxes more than dividends. Rate reductions more than taxes

The measure of success in railroad business is the relation of costs to returns. If the dollar earned does not cover the cost of earning it, the business fails. If it covers the cost with a margin over, the business succeeds.

## THE SANTA FE DOLLAR IN 1923 WENT AS FOLLOWS:

Maintenance of track, buildings, etc. 13.37 cents  
Maintenance of locomotives, freight and passenger cars 19.35  
Train, station and switching, and other transportation 19.86  
Fuel 5.99  
Food 8.49  
Salaries and expenses of clerks and other general office employees 1.06  
Legal, valuation, general officers, pensions and death benefits and miscellaneous 3.89  
Depreciation and retirement, equipment and ice plants 1.04  
Loss, damage and casualties 1.07  
Rent of equipment, joint facilities, etc. 4.60  
Interest on bonds and other interest charges 8.06  
Dividends on capital stock 8.79  
Taxes 106.00 cents  
Balance available for expanding facilities

## Of the last item 3.02 cents came from sources other than rates so that a reduction of less than 6% in rates would have wiped out the entire margin of safety from earnings through rates.

## Even a decline in gross business such as has occurred this year inevitably reduces this balance of 8.79 cents, because not many of the cost items can be cut down in proportion.

## The adjustment between success and failure is a delicate one in the transportation industry. For the welfare of the country, it should not be lightly tampered with, either by laws or by the various commissions that control the main elements of railroad earnings and costs.

## It is particularly notable in the above statement that taxes were more than dividends and only a little less than all the fuel used for the system. Taxes were \$20,316,491.

## Good service requires ample money for operation and maintenance. Even a rather substantial reduction in rates would benefit individuals so slightly as hardly to be known, while it might readily (because of poor service) cause them tremendous loss which would be quickly and keenly felt.

## A railroad gets money from its rates and has no other large source of supply, even though attempts seem to be made to have the public believe otherwise. Since 1921 freight rates have been almost continuously in process of reduction. Santa Fe freight earnings were decreased \$14,500,000 in 1922 and \$23,945,000 in 1923 from what they would have been with 1921 rates.

## The Santa Fe already has reduced freight rates many millions. But adequate service is vital for shippers. It can be furnished only when fair rates provide the money needed.

W. B. STOREY, President  
The Atchison, Topeka and Santa Fe Railway System

## FOUR WELLS TO GO GO DOWN NEAR CITY

Pilgrim and T. and P. to Become Active; W. J. Bryan Ready.

Two wells, at least 2,500 feet deep, will be drilled almost at the city limits, one in section 31-4-6 and the other in section 27-4-6. Both will be drilled by the Pilgrim Petroleum company and the Texas and Pacific Oil and Gas company, L. J. Zolter did the undersurface geology work.

Drilling on these two wells is to start within thirty days.

The first named well is west of the city, in the section where the first gas field was discovered. The second is north of the Frisco railroad and just east of Mississippi avenue, on the Ada Investment company property.

But this is not all. Two other wells will be drilled just northwest of the city. W. J. Bryan and others will begin the erection of a rig on the Clint Palmer farm in section 18-4-6 Monday. Work on the cellar has already been done. Drilling will start with an 18-inch hole.

Another well will be drilled as soon as the oil conditions justify it on the Corvin farm in section 24-4-5. This will mean four new wells starting almost in the shadow of the Ada business section.

Mr. Bryon and associates have taken over some of the interests of Ed Gillette and Robert Galbraith, in this block of acreage, though these men have contracted to drill the wells.

## OIL COMPANY EMPLOYEE FATALY SHOT AT DANCE

PAWBUKA, Okla., July 19.—Lemon Cook, 30, an employee on the Wolverine oil lease, was fatally shot last night, following a dance at a club house on the lease near Avant. Murder charges were filed today against Dick Marlow, 33, who is said to have made a statement to the officers admitting his connection with the shooting. There were no reasons for the shooting, so far as is known here.

**BEST AT A DISTANCE.**

England gets ready to celebrate, in 1932, the 300th anniversary of the first use of forks by the British. Before then, they ate with their fingers.

Three centuries seem long ago. It is. But in 1632 when some unknown English progressive brought the first fork over from France, "the good old days" were at their best.

Shakespeare had been dead 16 years. The immortal Bard never used a fork. He never even saw one. It must have been a sight to watch the people eat in those "good old days."

Sewage systems were not in use in the "good old days." Refuse and dishwater were tossed into the gutters. Small wonder plagues made people die like flies.

No one had running water for kitchen and bath. Carrying water in buckets a long distance or buying it from water carts—these are not attractive. People bathed so seldom that they had to invent high-powered perfumes in order to get within speaking distance of each other without suffering.

It was an age of discomforts and inconveniences. No labor-saving devices had been invented for homes. Women worked themselves into their graves prematurely.

Ignorance and medical superstition were frightful.

Morals several centuries ago were so lax that, by comparison, the jazz tendency of our generation is tame.

Crime was far more prevalent than now. No one could take a short stagecoach trip between towns safely without carrying a brace of pistols. Men were imprisoned for debts.

The "good old days" have been painted in romantic colors by fiction writers. That's why they seem attractive to people today. But if you could turn the clock back a few hundred years and live the life of those times, you'd buy a return ticket promptly.

A fiction writer makes an old-time dungeon alluring, romantic, adventurous. Truth is, the dungeon was damp, cold, dark, infested with rats, reeking with lice. Guards were brutal. Justice was slow. Penalties were severe. Food was mainly mouldy old bread and water.

Romance? Good old days? It's a joke!

Fine from a distance. The good old days are NOW.—Exchange.

A much advertised industry in recent years is that of silver fox raising. In times past the foxes were very rare and a pelt brought a fancy price, sometimes as high as \$1,000. This led enterprising frontiersmen to go into the business of raising the animals. This has met with such marked success that it is said that there are no fewer than 40,000 of the animals in the United States alone besides a lot more in Canada. Promoters have sold a great deal of stock in fox farms but with a large supply of the skins they are no longer rare and the price has dropped below \$400 on an average. It is time for the fellow who sold stock in a cat and rat ranch where the cats were to be fed on carcasses of the rats and the rats on carcasses of the cats after the hides had been removed for the market, should get busy again.

Already the campaign liar and twister of facts is busy. He is telling throughout the United States that Gov. C. W. Bryan was nominated for the vice-presidency to buy the support of his brother William J. for the ticket. Those who kept up with the proceedings will remember that on the day Davis was nominated Associated Press papers carried a statement from W. J. Bryan made immediately after the nomination, that he would support the ticket. His brother's nomination did not come about until several hours later and was made because he was considered the strongest man for the position in the Middle West which was even then recognized as the coming battle grounds.

It is reported that the foes of Mussolini, the strong man of Italy, are about to encompass his defeat. Mussolini has made some mistakes, no doubt, but he restored orderly government and saved his country from the horrors of anarchy which were becoming very real when he seized power and displaced the weak compromise of professional politicians with decisive action. However, it was not supposed that he would be allowed to complete his great work of restoration in peace. His enemies have never slept and may at any time displace him either by legal means or what is more likely, by assassination.

It is estimated that 100,000 aliens were smuggled into the United States last year. This form of smuggling and booze running have become rather profitable vocations for certain crooks.

**A FORERUNNER OF A MIGHTY MOVEMENT.**

Under the Israelitish laws youth became of age at 30. Until that time he owed strict obedience to his parents. Thus it was that Jesus remained with Joseph and Mary until attaining this age. He then laid down his carpenter's tools and made ready for the short and wonderful ministry of three years which was to result in changing the history of the world for all generation to come.

Shortly before this a strange figure appeared in the wilderness of the Jordan. It was a man clothed in the simplest of raiment and who obtained his food in the wilderness as best he might. He had pondered on the religious life of his people, the empty and hypocritical formality of the leaders of the Jewish church and the great hungering after righteousness on the part of thousands of devout, but humble members of the race. Fired with the zeal of a man with a mission he began preaching repentance and impressing on his hearers that the kingdom of heaven was at hand; that the Messiah, foretold since the earliest time of creation was soon to appear. It was at this point that the Jews received their first definite knowledge that the new kingdom was to be spiritual and not a temporal empire as taught by the leaders who longed to see the Roman power swept away and the Jewish nation the supreme power of the earth. John made it plain that he himself was not the Messiah; that the expected one was far greater than he; that his own mission was to prepare the way for the one to come.

The eloquent appeals of John soon drew multitudes to his wilderness retreat and at length he attracted the attention of the high dignitaries of the church. They too came but it was a stinging rebuke and call to repentance that they received. John was no respecter of persons. Sin to him was an abomination whether in high places or low.

However, thousands of the humbler classes believed and were baptized as a symbol of cleansing from sin and the covenant of obedience to the will of God. Thus the way was prepared so that when Jesus began his mission they were ready to receive him. His way had indeed been prepared, just as would be the case of a royal personage making a journey and sending messengers before him to prepare for his arrival at different points along the road so that he would be expected and not put to inconvenience. Having heard and believed John the multitudes, made glad by the assurance that the Messiah was at last to appear, were ready to accept and did accept the teachings of Jesus as was evidenced by the crowds that followed him from the beginning of his ministry.

Finally Jesus himself came to John for baptism. He had no need of repentance and John demurred to His request for baptism, but He insisted that it was necessary as a symbol of obedience. He was not claiming exemption from the law. John finally consented and then came the great revelation from heaven with the falling on him of the spirit and the voice proclaiming Him the Son of God in whom His Father was well pleased. It is uncertain whether John was convinced before of the true nature of his kinsman, but he now fully acknowledged Him as was shown shortly afterwards when he pointed Jesus out to some of his own disciples as the Lamb of God. However, when in prison and feeling despondent John had his doubts just as others have experienced at times and sent some of his disciples to ask Jesus the direct question—whether he was the Messiah or should the nation expect another. The inquirers were called upon to witness the works of Jesus and told to relate these to John. No doubt this convinced him and he died in the faith.

Today's lesson leaves the student on the threshold of the great events that were to shake the world. The lessons for the next few weeks will give an outline of the beginning of the movement which was to result in the establishment of the kingdom of righteousness in the earth.

The Tulsa Tribune admits that Tulsa is slightly behind the times in not having a tourist camp ground, such as hundreds of other places have provided. The Tribune is right about it. All towns on well traveled highways should by all means make provision for the tourists. In the case of Tulsa we are a trifle interested because a heavy volume of traffic will head from this section through there as soon as the Canadian bridge north of Ada has been completed. When we are able to buy a lizzie we may possibly want to make a trip that way and will need a good stopping place.

In the good old days a Democratic nomination in most parts of Oklahoma was the same as an election, but this year it looks like a real fight will go on right up to the November election. Both the Republicans and Farmer-Labor parties are putting out tickets and with the La Follette bunch busy there will be plenty of excitement all the way along.

Maine holds her state and county elections in September. For a generation the size of the Republican majority has been taken as a barometer indicating the sentiment of the nation towards the party. The Democrats have captured the state two or three times, but generally can only hope to make the best showing possible just to show how public opinion is swinging.

Evidently the favorable publicity he received for his manner of handling the Daugherty investigation went to Senator Wheeler's head. He is now La Follette's running mate and in that position will swim in publicity for several months to come.

To date Albert B. Fall has not been suggested as manager of the Republican campaign in New Mexico. Four years ago he was the king bee of the hive out there. Has something happened to disturb the relations with the party?

The greatest trouble in separating the sheep and goats of a church or other organization is that no one is willing to be made a goat. Who is to pass judgment anyway?

Family trees are O. K., but look at the fruit that the latest branches sometimes carry!

Let a NEWS WANT AD get it for you.

**NOT THE TIME TO QUIT**  
(Cincinnati Inquirer)

Disinclination of able men of affairs to accept public office is one of the outstanding misfortunes of present day politics. More statesmen are needed, yet every day one or more, is found putting aside opportunities when he could bring his experience and his talents into play for the public service. It is no less regrettable to find men retiring from office where they have rendered honest service because they consider time hopeless for the work that needs to be done for the good of the country.

An outstanding instance of the latter situation is the refusal of Representative Jost, of the Kansas City district of Missouri, to stand for re-election. In a letter to political friends he says he cannot afford to take time from his business for the hopeless task of trying to break the grip that blocs and groups of selfish interests hold on congress. He denounces the radical, socialistic and plain partisan alliances in the last session of congress. He says:

"The present distemper of the country must run its course. People will finally realize that prosperity depends upon something else than a legislative fiat, and that nothing but harm can come from any law passed to favor a certain and special class. The sound principles on which the fathers grounded this republic are out of fashion now but ultimately will again be in favor."

Representative Jost's constituency should reply to his letter in the words of the dying Lawrence, "Don't give up the ship!"

**STRANGE QUALIFICATIONS**  
(Brid Democrat)

Admiring friends of a gubernatorial candidate refer with pride to the fact that "he is campaigning for governor in a tin lizzie." A congressman seeking reelection declared in a Fourth of July oration that he believes that the majority should rule and that the country should have some strict immigration laws. Another states that he is a taxpayer! So goes the merry old game of appealing to the sovereign voters of America. If campaigning in a tin lizzie qualifies a man for governor, then every jitney driver in America is qualified. If tax paying qualifies a man for the senate then every voter is qualified. Since majority rule is inherent and constitution and immigration laws, every law-abiding citizen in the nation who believes in law enforcement is qualified to serve in congress. But after all, it is less important to know how a gubernatorial aspirant is traveling than it is to know where he is going and what he is going to do when he gets there. The country has reason to expect more from a congressional candidate with a constructive program than one who simply believes in a continuation of what has prevailed since the day the republic was founded. A man might well concede the creative genius of Edison or Burbank without becoming an Edison or Burbank himself.

**Many Berliners Turn Dry**

(By the Associated Press)

BERLIN.—Temperance restaurants are on the increase in Berlin. Whether this is due to the high price of beer and other alcoholic drinks or to an increase of the population which desires meals without drinks, the authorities do not agree. Proprietors of the alcoholless restaurants say the majority of their customers are total abstainers and are very much interested in the prohibition movement in the United States and other parts of the world.

### POLITICAL ANNOUNCEMENTS

The News is authorized to announce the following candidates, subject to the Democratic Primary, August 5, 1924.

- For Representative  
FRED F. BRYDIA  
WILL M. THOMPSON
- For Sheriff:  
A. C. (AL) NABORS  
W. B. WALKER  
J. F. (Tad) LILLARD
- For County Commissioner Dist. 1  
W. H. BRIMLEY  
H. CLAY STEPHENS
- For Commissioner District No. 2.  
C. J. (Charles) LASEMAN.
- For Commissioner, District No. 3:  
BOB BROOKS.  
W. H. BRENTS.
- For County Superintendent of Public Instruction:  
MRS. FARRIE BRITT  
A. FLOYD
- For County Treasurer:  
ALBERT CHAMBERLAIN.  
J. W. WESTBROOK (2nd term)
- For Court Clerk:  
L. E. FRANKLIN.
- For County Tax Assessor—  
NICK HEARD.
- For County Clerk:  
RIT ERWIN  
W. A. PECK
- For County Weigher:  
JOHN WARD.
- For Justice of the Peace, Ada Township—  
H. J. BROWN, (Re-election)  
W. H. FISHER.  
JOSEPH ANDERSON
- For Constable, Ada Township—  
A. R. B. ADAIR  
W. B. (BUD) HACKER  
J. L. (Jim) MILLER.

### MANY FEATURES FOR BOYS SCHOOL

Free Swim and Picnic for Bible School Students During Week

A number of special features have been planned by those in charge of the Boy's Bible school to interest the growing attendance through the coming week and to retain the drive towards two hundred students.

During the week just closed the attendance gradually increased until it reached the high peak of 143 boys from over the city. Several picnics and carnivals were in vogue during the week for outside of the regular classes. A number of important talks and instructive courses were delivered to boys on teachings found in the Bible.

Next week it is planned to have something exceptional at each chapel service. Some unique feature will be carried out to retain the interest of the boy students.

A special feature Monday morning will be the address of J. R. Barton, superintendent of Okmulgee schools. Superintendent Barton will have a helpful address to bring to the boys.

Wednesday morning will see the students of the Boy's Bible school in a big parade through Main street and out to the Legion swimming pool where a water carnival will be held free to students of the school.

Examinations will be held Friday morning on the subjects up for discussion before the school during the past week. Immediately after the examinations are finished boys will be conducted to Bryson Mill for a big swim and picnic with plenty of good things to eat for all boys.

In order to assist those in charge of the school, parents are urged to assist in teaching all boys attending the school the Lord's Prayer.

An attractive certificate of graduation has been printed and is now in the hands of those in charge of the school and will be awarded to those who pass the examinations to be held next week.

The school is fostered by the Boy Scout Council under the auspices and direction of the Ministerial Alliance of Ada.

Let a News Want Ad get it.

### HUGHES FAVORS DAWES DEDUCTION

Declares His Visit to England Unofficial; With Bar Association

(By the Associated Press)

SOUTHAMPTON, Eng., July 19.—Pressed for his views regarding the Dawes reparations plan, Charles E. Hughes, American secretary of state, upon his arrival here early today, on board the Berengaria said:

"The American sentiment is very strongly behind the Dawes report as it now stands and we believe that prompt execution of the report is of the greatest importance."

In an interview Secretary Hughes emphasized that his visit to England was unofficial and personal. Regarding the Dawes report, however, he declared:

"We are very much interested in having it put into execution. We hope it will be found possible to put it into effect at an early date. We consider it affords a sound basis for the economic recuperation of Europe."

LONDON, July 19.—Charles E. Hughes, American secretary of state, reached London at 10:30 o'clock this morning. He was accompanied here by Frederick A. Sterling, counselor to the American embassy, and by Consul General Skinner, who met him at Southampton.

To prevent infants sucking their thumbs an inventor has patented a cuff to be worn on their arms that keeps them from raising their hands to their mouths.

**Ada Evangelist to Begin Series of Services Here**

Rev. Jones will begin a series of revival meetings at the Nazarene church, corner of Oak and North, next Friday evening, July 25. The meetings will be under the direction of Rev. L. M. Jones, who will be assisted by his three daughters, Prof. Jones, and his wife, Mrs. Jones.

**CHURCHES**

Young Peoples Meeting Church of Christ, 8:00 p. m. Leader, Joy Peck. Song leader, Perry Blue. Prayer, Lander. Bible Study, Kenneth White. The Gospel, Thomas Young. Christian Living, Herman Floyd. The Christian, R. E. Perry. The Church and Its Work, O. D. Flood.

How to Build Up the Church, L. M. Jones. What God's Way is, R. E. Perry. Benediction, O. D. Flood.

Ashbury Methodist Church, Sunday school, 9:45. Preaching at 11:00. Junior League at 7:00. Epworth League at 7:15. Preaching at 8:00. Everyone welcome.

Sunday Evening Program, Presbyterian Church. Processional. Devotion. Invocation. Gloria. Hymn 24. Reading. Prayer. Hymn 798. Offertory. Solo, "More Love to Thee Oh God," Jerome. Mrs. L. N. Garrison. Sermon, Dr. C. C. Welch. Solo, Miss Ruth McMan.

Nazarene Church, Sunday school, 9:45 a. m. Preaching service, 11 a. m. Junior League, 7:00 p. m. Young Peoples Society, 8:00 p. m. Preaching service, 8:00 p. m. Church practice and Bible study, Tuesday, 8:00 p. m. Prayer meeting, Thursday, 8:00 p. m. Everybody invited to attend these services.—R. E. McCain, pastor.

Presbyterian Church, We would like to see all our College friends as well as every one else in the Bible school Sunday morning. This will be our last Sunday with our vacation. You will have only Sunday school during that time. There will be no 11 a. m. service as we join the College services at Convention Hall. At 8 p. m. another of our popular musical programs and Dr. C. C. Welch who preaches the College sermon in the morning will remain over and preach for us in the evening. "Come then with us and we will do these good."—E. O. Whitwell, pastor.

First Christian Church (Unitarian and non-sectarian), Bible school at 9:30 a. m. C. E. Sunday, superintendent. The Men's Bible Class will meet at 9:30 in the banquet room of the Harris hotel. Dr. A. Linscheid, teacher. The Loyal Daughters class will meet at 9:30 a. m. in Criswell's parlors. Miss Lena Stewart, teacher. The Intermediate Endeavor will meet at 7 p. m. Mr. L. T. Walters, superintendent. The Senior Endeavor will meet at 7 p. m. Mrs. Ruth Moore, acting president. Prayers at 8 p. m. by the pastor, Rev. L. M. Jones. There will be no preaching service Sunday morning. We are welcome to all of our services. Come and worship with us in this morning church. R. E. Walters, pastor.

Senior F. B. Program, 7:00 p. m. Topic, Being a Good Neighbor. Scripture, Luke 10:25-37. What does being a good neighbor mean? Come and hear the several discourses. Social and not a sermon. Important business meeting after the program in room 1104 member peace union. Edith Moore, vice president.

Missionary Society, The Women's Missionary Society of the First Methodist church will meet Monday afternoon at 2 o'clock in the church parlors in regular literary and social meeting. Subject, "The Hummed Tuck in the Rural Community." Leader, Mrs. W. P. Lee. Hostesses, Mesdames W. B. Moore, W. J. Allen, W. D. Phee and J. B. Lawton.

Oak Avenue Baptist Church, We will have Sunday school as usual. At the morning and evening hours Bro. Naylor will preach. We are having a great meeting. At the close of the service Thursday night there had been thirty-four additions to the church. We plan to have services Sunday night and then have a social hour Tuesday night following on the church lawn. At 2:30 Sunday afternoon we will have our baptismal service. At the close of Thursday night meeting we had sixteen to be baptized. The young people meet for the F. Y. P. U. service at 7:15 promptly. Everybody welcome.—Joe B. Jones, pastor.

**Presbyterian Endeavor**  
Topic: Being a good neighbor. Scripture: Luke 10:25-37. Song service. Sentence prayers. What is your definition of a neighbor?—Charles Jackson. What should next door neighbors do for each other?—Audrey Whitwell. What will a neighborly spirit do for a town of a city?—Opa Sloan. How should churches be neighborly?—Bill Smith. How does Christian Endeavor promote neighborliness?—Lucille McClary. What are some of the hindrances of neighborliness?—Drew Page. What are the rewards of neighborliness?—Mr. Bradshaw.

**First Baptist Church**  
(Clyde Calhoun Morris, Pastor) Sunday school at 9:45. J. A. Ridling, general superintendent. Mrs. L. J. Crowder, superintendent of the junior department. Mrs. J. A. Ridling, superintendent of the primary and W. T. Melton has charge of the intermediates. The Men's Bible class meets at the McSwain theatre Sunday morning at 9:30. L. A. Ellison is teacher. J. C. Hynds, president and U. C. Dixon is secretary. A fine lesson and fine fellowship will greet those who attend this class. The Young Ladies class will meet at the American theatre at 9:45. Prof. J. E. Hickman, teacher. The young married ladies class meets in the Commercial club rooms at the Memorial hall at 9:45. Mrs. J. E. Hickman, teacher. The Young Men's Bible class meets at the church at 9:45. J. C. Treadwell, teacher. There will be no preaching service at the morning hour due to the baccalaureate sermon at the college. Our people are urged to attend this service. The Gospel Teams will fill the following appointments: Team No. 1 will go to Roff. L. A. Ellison, speaker; Team No. 2 will go to Cusco. J. C. Treadwell, speaker; Team No. 3 will go to Frisco. J. E. Harris, speaker and Team No. 4 will go to Ahleso. W. D. Little, speaker. The teams will leave the church promptly at 2:00 p. m. There will be plenty of room for those who do not have cars to go. The B. Y. P. U.'s will meet at the church at 6:45 p. m. At the evening hour the pastor will preach on, "The Right Kind of Home Life—The Mainstay of the Republic." This is an unusual sermon and everyone should hear it. You are cordially invited to attend any and all of the services of this church. JUDSON TREADWELL, Educational Director.

**Skiatook Celebrates Installation of New Street Lighting Plan**

(By the Associated Press) SKIATOOK, July 19.—This city was host tonight to several hundred visitors from Tulsa and other neighboring cities as Skiatook formally dedicated its new "white way."

Twenty-seven new street lamps, of the latest type used in the more important cities of the country, have been installed along the main thoroughfare, giving the street the appearance of a new Broadway in miniature, compared with what it was several weeks ago.

A carnival was held while the invited guests were taking part in the official ceremonies. A band played all day in the New Broadway where it can be heard all over town. The street lights were installed without additional taxes. The local chamber of commerce raised the funds. Charles Pace of Sand Springs, millionaire philanthropist, threw the switch to set the street afire.

An excellent polish for mirrors can be made by pouring boiling water over used tea leaves and straining off the liquid.

**PERFECT ICE CREAM**

—There's a difference in the manner of keeping ice cream. There's a difference in the taste that tells.

The reason so many people are carrying home pints and quarts of Southern Made-Rite Ice Cream from this store is in the first place it is fine, delicious ice cream—second, it is served from the

The Frigidaire is the machine that keeps ice cream in perfect condition WITHOUT A SPECK OF ICE. See this Frigidaire.

**CRISWELL**

618 FUNERAL DIRECTOR ADA.

**By HARRY MILLER**  
Every boy scout in Ada certainly wants to do his best to make every visiting member of the American Legion welcome here. Booths will be erected and scouts put in charge of them. If it is agreeable to the American Legion we will be glad to run a check stand for the convenience of visitors. Scouts will be asked also to assist in locating people and taking them to their rooms. If you are a scout place yourself at the service of these visitors, who are our guests.

Several men in Ada have recently done the scouts some exceptional good turns which the council wishes to acknowledge. Mr. T. B. Blake of the Ada Coca Cola Bottling company kindly loaned the scouts one of his trucks and drivers and took the boys to Bosky.

George W. Young, who is operating and superintending a new saw mill for the Sledge Lumber company down on Patapa river out of Atoka assisted the scout executive and Judson Treadwell, scout master of Troop 2, while on the recent camping trip. Also when the axle on the trailer broke he came and got it and welded it for us which was greatly appreciated. Then he also helped get our Ford over the hill.

The college quartet assisted by Misses Bonnie Callis and Mary Belle Harvey will go to Tulepe Sunday evening and give a program there for the benefit of the Tulepe scouts. This same group will go to Allen Tuesday night and give a program over there for the Allen scouts. This musical group has given quite a few fine programs for the scouts, and we appreciate their efforts very much.

All Ada scouts should do their full part to get all the weeds out around the town and keep the grass mown so that Ada will put on her very best appearance during the legion convention.

Here is hoping that Jack Loyd, our genial oil man gets a big oil well. He was over at the Glenwood swimming pool last Wednesday and seeing the boys of the Bible school

having so much fun, offered to pay for the swims of all the boys. We told him that the American legion was doing that and so he offered to do something else and as a result every boy at the Bible school Friday morning got a big helping of ice cream. We also appreciate what Reverend Widney of the Episcopal church had to do with this.

Every scout in this town ought to attend the Bible school every morning if he possibly can do so. This is one of the finest opportunities that any group of ministers ever offered to the boys. The Ponotoc county boy scout council is lending all of its support to this worthy movement.

Every scout master and every patrol leader is requested to be at the Presbyterian church Sunday afternoon at 1:30 because we are anxious to get lined up for the American Legion convention.

**Bears Killed With Bow.**  
(By the Associated Press) CORDOVA, Alaska.—Despite the fact that the majority of hunters in Alaska use rifles and shotguns for game, a hunting party composed of three men and two women returned here in June from the Yakutat district with seven brown bears killed by bow and arrow.

# LUBRICATION IS MOST ESSENTIAL

Instruction Book Does Not Always Give Most Practical Points to Owner.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)  
The average car owner is prone to follow the instructions which he finds in the book which accompanies his car, and he is careful to do nothing, unless he finds a suggestion in a magazine or in that same book of instructions.

He fills the base of his engine with lubricant when oil is necessary, as indicated by the gauge, and he is careful to see that the pressure remains at a certain figure while the engine is running. The instruction book does not always advise the owner further regarding the oiling system.

Sometimes inferior oil.  
You may have liquid in the base of your engine, but is it a lubricant? Many times this liquid is a combination of cylinder oil and water. Its lubricating properties are poor, and should the bearings burn through lack of oil the owner is very apt to blame the oil for the trouble. He immediately buys oil of another grade or oil that is made by another manufacturer, without, however, knowing the reason for his trouble.

Depending upon the type of engine, oil in the base should be changed regularly. Old lubricating oil should be drawn out from the base and thrown away and new put in, for at least every thousand miles of riding. In some cases it is advisable to renew the oil much oftener.

Clean With Light Oil.

Make a point of cleaning it with light oil every time the lubricating oil is renewed. Put in about one quart of light oil and turn the engine over by hand, with the petcocks open, a dozen turns or so. The light oil will loosen the particles of grease and have a tendency to drive out the dirt. It is not advisable to run the engine while the light oil is in the base. It may do no harm. On the other hand there is a possibility that it will damage the engine.

After the engine has been cleaned in this way, draw off the light oil, and while the drain cocks are still open turn the engine over two or three times in order to draw the light oil from the system. Clean the pump strainer, if there is one, then put in a good grade of oil.

Japanese Industries Recover From Earthquake Paralysis

TOKIO. —The rapid recovery of industries in the Tokio area, which suffered from the earthquake and fire of September 1, is indicated in employment figures published by the government. The best barometer of recovery is the absorption of unemployment labor.

The figures show that nearly 6,000 workers in Tokio were taken back by the factories in March, while in April the figure was expected to approach 7,000.

Printing houses and candy factories have had the greatest revival and are working now on a production scale higher than that before the earthquake and employing more labor. The metal work industries, which languished for months after the disaster, are approaching normal conditions again.

## "FILLING STATIONS" FOR THIRSTY MOTORIST

If there is anything that gives joy to the summer tourist on a strange road in the summer time, it is to find a spring of pure, cold water. These springs are often found along well-traveled highways, where they provide the best of "filling stations" for the hot and thirsty motorist. They also give him the chance to replenish the supply of water in his radiator. The one drawback of these springs is that if they are much frequented they often become contaminated; careless persons throw rubbish in them. The water thus is sometimes made unfit for drinking. To prevent pollution of these sources of water the springs must be sealed up so that the water may be obtained without there being any chance of contaminating the source. In many places this is being done by sealing the spring up with some sort of a concrete shield, leaving only a small opening through which the water flows. The accompanying photograph shows an instance of this practice along a West Virginia highway. In this case the overflow is piped to a horse trough further along the road. Installation of such conveniences for motorists, even placing of good wells of sanitary construction at intervals along the road, do much to enhance the joys of summer motoring. They also make it much more safe by protecting the tourist from impure water.

VISALLA, Cal., July 17.—O. W. Lovern, pack train concessionaire in the Sequoia National Park, recently trailed a six-foot mountain lioness through the night by the lights of his automobile. She came directly into the glare of the headlights. In his haste Lovern shot through the windshield, but killed the beast. The lioness had frequented the road and occasionally had been seen by motorists, to their consternation.

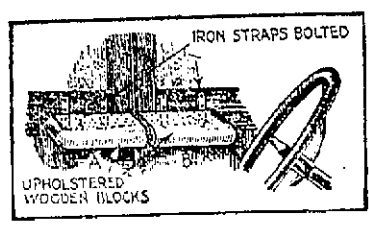

## Truck Drivers Should Observe Much Caution

- Don't overload.
- Don't speed.
- Don't throw clutch out on grades.
- Don't fail to be courteous at all times.
- Don't forget to keep to the right at all times.
- Don't forget that others have as much right to the highway as you.
- Don't stop on a public highway unless you give signal and always stop as far to the right as possible.
- Don't figure what the other fellow will do. Always keep your own car under control.
- Don't carry passengers on the seat with you who will detract from your business of driving.
- Don't ignore the sound of a horn from the rear. Let the autoist pass. It is his right.
- Don't take the right of way from the other fellow when it is not yours.
- Don't ever fail to stop at school crossings. You owe it to the little children to exert every care. A human life is worth more than getting to your destination on time.
- Don't park your car on the highway at night without a tail-light burning. Your negligence may cost a life.

## Fatigue of Driving Is Relieved by Arm Rest

To drive a sedan many miles is tiresome because there is no logical place to rest the left arm, so I built a rest that allows my arm to slide backward or forward.

Two blocks of wood six inches long are used. A fastener to the left door and to the left front window trim. Each one is rounded on one end and

The Arm Rest in Place.

the outside edge and then covered with upholstery, as illustrated.

Two strap levers were screwed to the flat inside edge of each block and bolted through the window trim and door. By loosening the nuts, the bolts can be removed at any time and the rest taken off. There are no fastenings to vibrate, as on portable arm rests.

The ends of the blocks almost butt together when the door is closed and make a continuous rest.—L. B. Robbins, in Popular Science Monthly.

## Automobiles Seem Cheap When Bought on This Basis

WINSTON-SALEM, N. C., July 18.—Automobiles are being sold here by the pound. An enterprising dealer who handles his wares at 23 1/2 cents a pound. His advertisements set forth the weight of the cars, together with the total price at so much a pound, and compares the price with that per pound of everyday necessities of life.

It is said the unique method of advertising has proved unusually successful.

Let a News Want Ad get it.

## TREAT YOUR CAR WITH AFFECTION

Fact That It Is Inanimate Thing Is Lost Sight of by Considerate Owner.

(By ERWIN GREER, President Greer College of Automotive Engineering, Chicago.)  
Man's tendency to ascribe a personality to his automobile is in no way surprising. It is just a natural outgrowth of his innate love of pets.

Where he used to have a horse as a companion for his play hours he now bestows the affection of a master upon his motorcar. Even his dog must share the petting with the sleek, speed-eating, gasoline quadruped.

So man has come to give his favorite car a soul and a name. The fact that it is an inanimate thing in the way of being boneless and deaf is lost sight of. When business or home troubles arise the man turns to the companionship of his automobile and, like Rip Van Winkle with his dog, goes into the hills. If tired a romp in the country with his mechanical pet rests him. He confides his yearnings to his car and it responds by interpreting his every mood.

## Companionable Motor Pet.

And thus it naturally follows that the considerate master has the most companionable motor pet. He who quarrels with his machine gets a response that matches. Mistreated, the car behaves as abominably as a whipped horse or a starved dog. Carressed with proper care and regularly fed with water, oil, gasoline, it obeys—with all the feeling of a loved one.

Even more than all this, man chooses his pets from the most efficient breeds. So, in picking an automobile, his selection falls to the one that will most readily respond to his demands for comfort, power, mileage, dependability and, at the same time, be economically kept.

And comfort means success with motor touring as well as in anything else. Comfort is the reason for the modern highway. It is not merely the smooth road but also the way the road is posted. There are lots of signs and arrows pointing the way you should go without even having to slacken speed to read them. Of course you can take maps—but of what use are these other than to tell you the statistics of the town through which you are passing? Even Mr. Detour's card by the wayside points to the future comfort—that the country is

trying its damndest to keep the roads in perfect condition.

## Specialize in Glowing Terms.

The open road! Gosh, it is no wonder that concerns dealing in automobiles and accessories love to specialize in glowing terms. And don't these advertisements make you want to get the old bus out into the open to set up your tent and enjoy the company of others who have heeded the glorious call of Nature?

You can just bet that they do!

## Before Removing Fender Put Kerosene on Bolts

The automobile repairer bases his charges for installing a new fender mainly on the time he spends trying to remove the old one. And the car owner will discover that the "frozen" nuts and bolts which hold the fender in place will prevent most of the difficulty encountered in this sort of work. The rule is to squirt kerosene over the fender bolts just before trying to loosen them with the screwdriver. But the rule is not always the logical way to do things. A great deal of time will be saved by giving the fender bolts a kerosene bath the night previous to the day the work is to be done. In the morning much of the rust will have been removed and the bolts will turn much easier, for the kerosene will have had ample time to do its share of the work.

## A Clutch Test

A clutch can be tested for slipping by letting the engine run at about 20 to 22 miles an hour. Put the emergency brake on tight and shift the gear to high speed, then gradually engage the clutch. If the motor continues to run, then the clutch needs attention at once.

## Library Commission Secretary To Head State Delegation

(By the Associated Press)

OKLAHOMA CITY, June 26.—Mrs. J. R. Dale, secretary of the state library commission will head a delegation of Oklahoma librarians who will attend the convention of the American Library association at New York, June 30 to July 5.

Others who will attend are Mrs. Peacock, assistant librarian, Oklahoma City; Mrs. Elsie D. Ward, librarian, Oklahoma A. and M. college, Stillwater; Mrs. J. A. Thompson, librarian, Chickasha; Miss Ruth Hammond, librarian, Muskogee; Miss Elsie Jane Rule, librarian, Oklahoma College for Women, Chickasha and Jesse L. Rader, librarian, University of Oklahoma, Norman.

Mrs. Dale is secretary of the trustees division of the association.

## Poor Spark Adjustment Causes Little Troubles

Sometimes the spark adjustment is a little off and the driver does not know it. He may be blaming some other units of the car for what is happening. A brief, but effective, test of the spark is then advisable.

To do this disconnect the high-tension cable from the coil. Then with a screwdriver touch the nearest metal part and hold it so that the upper metal part of the screwdriver is about one-eighth inch from the high-tension terminal of the coil. Turn on the ignition switch and fully advance the spark control lever on the steering post. When the petcocks are opened (to relieve compression) and the engine cranked over by hand slowly a spark will jump from the coil handle to the screwdriver. At the moment of the spark the flywheel should be in a position for advanced spark. This is usually marked on the flywheel, and will be seen just preceding the marks for upper dead center. If the arrival of the spark does not match with the mark on the flywheel the spark is either too late or too early, as the case may be.

## IRISH PROTESTANT PARISHES SEEK VAINLY FOR CLERGYMEN

DUBLIN.—The Protestant Bishop of Clogher, Dr. MacManaway, has struck a note of alarm in referring to the growing shortage of clergymen in the Church of Ireland. He has five vacant parishes in his diocese and "not a single suitable man in view for any of them." In his university days in Trinity College, he says there were about 150 men preparing for the ministry. Now there are only from 20 to 30. "It requires," the Bishop declared, "but a single calculation to show that if this state of things continued for a comparatively short number of years the work of the church would come to a stop."

Try News Want Ads for results.

## Ardmore Settlers To Observe Date Of City's Opening

ARDMORE, Okla., July 17.—Founders of Ardmore, who on July 28, 1887, staked out a settlement, which was to straggle along until the tapping of the Healdton oil pool, brought fame and opulence, more than a decade and a half later, will march or ride in a pageant, the chief event of the celebration of Ardmore's thirty-fourth birthday.

In the habiliments of the early plainsmen, many of them jolting along in springless buckboards, or rumbling by in age-eroded "prairie schooners," the pioneers will bring to the modern Ardmore a page of its past. A barbecue will be served at noon.

Chamber of commerce committees are preparing for 20,000 visitors, as thousands of persons who formerly lived at Ardmore and hundreds from nearby cities and towns have indicated they would attend.
